

COMMUNIQUE

Rwanda Utilities Regulatory Authority (RURA) informs the public that fuel pump prices have been revised based on adjustments in the international market of petroleum products. Revised fuel pump prices applicable in Kigali, for the next period of two months, from 08 August 2022 are as follows:

- Maximum retail price for Gasoline (Premium Motor Spirit) is **1,609 Rwf/L**.
- Maximum retail price for Diesel (Automotive Gas Oil) is **1,607 Rwf/L**.

Since May 2021, prices have been stabilized as a result of the decision by the Government of Rwanda to forego some taxes on imports of selected petroleum products.

Specifically, for this period, the Government of Rwanda has maintained price increases of 149Rwf/L for Gasoline and 104Rwf/L for Diesel, instead of 307Rwf/L and 254Rwf/L respectively.

This decision was taken to mitigate the adverse impact of high fuel prices on general price increases (inflation), which would negatively affect the speed of Rwanda's economic recovery from the COVID-19 pandemic.

Done at Kigali, on 07 August 2022.
