COMMUNIQUE

Rwanda Utilities Regulatory Authority (RURA) announces a revision of fuel pump prices based on adjustments in the international market of petroleum products. Revised fuel pump prices applicable in Kigali, for the next period of two months, starting 8 October 2022 are as follows:

- Maximum retail price for Gasoline (Premium Motor Spirit) is **1,580Rwf/L**
- Maximum retail price for Diesel (Automotive Gas Oil) is **1,587Rwf/L**

Since May 2021, the Government of Rwanda has sought to stabilize prices by foregoing some taxes on imports of selected petroleum products.

Specifically, for this period, intervention by the Government of Rwanda has enabled a price decrease of 20Rwf/L for Diesel instead of an increase of 51Rwf/L.

This decision was taken to mitigate the eventual adverse impacts of high Diesel price on inflation.

Done at Kigali, on 07 October 2022.
